BASIS FOR
THE DEFENSEHypothetical Insanity
Question Makes Its
Appearance.

The hypothetical question intended to establish the insanity of Naone, and so get him free of the charge of murder, was introduced by the defense yesterday. There were eighteen typewritten pages of it, and the Attorney General said that he had studied thirteen of these and found sixty-two points to which he would object. Also, he said that there might be others, and so he asked for an adjournment to give him time to study up the matter. The jury was excused, accordingly, and the argument on the hypothetical question was set by Judge De Bolt for hearing at 8 o'clock this morning.

Up to this point, the defense has about concluded its case. Dr. Humphris was called yesterday to testify in regard to a visit he paid to the Naone home to attend a sick child. The last of the preliminary witnesses for the defense, Naone's father, was heard yesterday morning.

The witness said that Naone had suffered from fits from the time of his childhood up to the present time. He would begin by crying, then he would gurgle and shake his limbs, while frothing with blood would issue from his mouth. After such attacks the sufferer would be very weak. The father gave a very lifelike description of the fits while on the stand.

He went on to testify that Naone was married in 1899. The couple lived with Naone's parents for three years, during which there was never any trouble between them. After that they lived peacefully on Fort street for a year, at the end of which period they moved to Kewalo, where the trouble began.

The first time the father knew of any trouble between his son and daughter-in-law was about a month before the shooting took place. One night at 11 o'clock they came to his house. Philip was dressed but the wife was stark naked. "This is my wife," said Naone. "I have caught her with Mal. She is an adulterous woman." Naone asked the father to ask the girl if these allegations were not true, but she denied them, stating that Philip was crazy.

On the Friday night preceding the shooting the witness slept in his son's house. Late at night he was awakened by his daughter-in-law, who told him that Naone had run away with the three children. The witness started in pursuit and caught Naone and the children at the gate leading to the street. Naone was dressed in his underclothing only, and the children in their night gowns. The father took the children back to the house, while Naone went off.

Finally the father told of how he had gone to see his son in the lock-up on the Monday following the night of the shooting. Naone said he wanted to see his wife and children. The father told

THE TRUTH ALWAYS.

"When you are in doubt tell the truth." It was an experienced old diplomat who said this to a beginner in the work. It may pass in some things, but not in business. Fraud and deception are often profitable so long as concealed; yet detection is certain sooner or later; then comes the smash-up and the punishment. The best and safest way is to tell the truth all the time. Thus you make friends that stick by you, and a reputation that is always worth twenty shillings to the pound everywhere your goods are offered for sale. We are able modestly to affirm, that it is on this basis that the world-wide popularity of WAMPOLE'S PREPARATION rests.

The people have discovered that this medicine is exactly what it is said to be, and that it does what we have always declared it will do. Its nature also has been frankly made known. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. A combination of supreme excellence and medicinal merit. Nothing has been so successful in Anemia, Scrofula, Bronchitis, Influenza, Loss of Flesh and Wasting Diseases, Weakness and Low Nervous Tone, and all complaints caused by Impure Blood. Dr. Austin D. Irvine, of Canada, says: "I have used it in cases where cod liver oil was indicated but could not be taken by the patient, and the results following were very gratifying." It cannot deceive or disappoint you, is effective from the first dose and comes to the rescue of those who have received no benefit from any other treatment. It represents the dawn of progress. Sold by all chemists everywhere.

him his wife was dead. Then Naone looked at him and cried.
The cross-examination lasted until nearly noon.

THE MAGOON DECISION.

There is a pretty general belief that the Supreme Court will hand down its decision in the Magoon disbarment case today. In fact, there was a sort of expectation that the decision would be given yesterday, because it was known that Judge Parsons, who sat as one of the judges in the case, desired to return home to Hilo on yesterday's Kinai; but although the judge sailed away for his home, the decision was not forthcoming. When the Supreme Court convened yesterday morning, the attorneys in the case were all on hand, but there was nothing beyond an adjournment of the court until this morning.

It was rumored, however, that the decision had been prepared and signed by Judge Parsons before he went away. If this is the case, of course it will be handed down this morning. The three judges were certainly at work upon the case early yesterday morning. Chief Justice Frear was in his office at 8:30 a. m. and Judges Parsons and Lindsay soon joined him there. The three remained in the chambers until it came time for Judge Lindsay to open his court, and at the end of a very short session he immediately went back and joined the others there. This consultation continued until it came time for Judge Parsons to take the Kinai.

TO THE PUBLIC.

Beginning Saturday, June 3, we are going to close our stores every Saturday afternoon at 1 o'clock, during the months of June, July and August, in order that our employees may have a weekly half-holiday during the hot weather months.

We respectfully ask your co-operation in this move, as upon you depends whether or not this is to be a regular summer event.

In arranging for your Saturday shopping, kindly remember to reach our stores before 1 o'clock, and by your own individual effort help to make this move a success.

Yours truly,
B. F. EHLERS & CO.,
and E. W. JORDAN & CO., LTD.

OZAWA RETURNS
FROM WAR ZONE

A. K. Ozawa of the Planters Labor Bureau, who returned recently from a visit to Japan, says the Japanese people were pursuing their city and town life as if the war had not been brought close to their doors by the approach of the Russian fleets. This has not disturbed the progress of business.

On the other hand, although the Japanese people have not the slightest knowledge of where Togo's fleet is laying in wait for Kojestevsky's fleet, Mr. Ozawa says that the navy department does not seem alarmed over the situation.

From all that I could learn, and from putting two and two together, Togo has a beautifully laid-out ambush for the Russians," said Mr. Ozawa yesterday. "From the same method of getting my information, I am under the impression that Togo will hazard a great fleet of torpedo boats in the initial attack on the Russians, for he will surely take the offensive rather than the defensive. No matter how many torpedo boats he may lose, he is sure to cripple the Russian fleet, and then he will have his big ships to throw into battle to the best advantage. Once let Togo demoralize the Russians by a sudden torpedo-boat attack and he will have every advantage when he goes in with his battle-ships and cruisers."

"Submarines? Well, Togo has many of them; but, for that matter, so have the Russians."

CUNHA LOSES IN
TENNIS FINALS

In the finals in the tennis tournament played yesterday on the grounds of the Pacific Tennis Club, S. H. Derby won from A. R. Cunha, 6-4, 2-6, 8-6, 6-2.

The championship will be played off on the Pacific Tennis Club courts on Thursday afternoon at 4 o'clock, between W. P. Roth and S. H. Derby.

The matches in doubles will begin this afternoon at 4:30 in the courts of the Beretania Tennis Club. The following are the drawings:
John Waterhouse and S. G. Wilder against H. C. Carter and C. G. Bockus.
M. F. Prosser and Charles Rice against George Fuller and S. H. Derby.
George Hapai of Hilo and J. Metcalf against A. S. Griffiths and S. T. French.
F. H. Atherton and E. R. Adams against H. S. Gray and W. Warren.
The last two of these matches will be played at 2 o'clock.

Y. M. C. A. ANNIVERSARY.

As a compensation for setting aside engagements during the revival campaign, Dr. Ostrom has consented to be the chief speaker at the public anniversary next Monday evening at 8 o'clock. There will be very brief reports and the reception committee will provide good music and light refreshments. An exhibition game of indoor baseball will be played at 9 o'clock. The public is invited. Printed reports will be put in the hands of the audience.

Judge Lindsay yesterday granted a continuance of one week in the libel case of W. A. Kinney vs. Samuel Parker, on motion of J. A. Magoon, one of the attorneys, who said that he had to go to Kailua on the trial of a case that had been peremptorily set by Judge Matthews. The Kinney libel suit is for \$50,000 damages.

STATESMEN IN
CONFERENCEPauoa Water Deadlock
in Loan Committee
is Broken.

The legislative conferences progressed very satisfactorily, on the whole yesterday, but even with the best progress, it is not at all likely that the extra session will end today. The members all want to go home, it is true, but the Governor must be given some time to consider the appropriation bills. And if he cannot finish up today, why the legislature will probably wait.

The conferees on the Loan bill reached common ground on the item for the purchase of the Pauoa water supply, after several hours of wrangling that threatened to end in a deadlock. The House had set aside \$140,000 for this purpose in the bill, and not one of its conferees would yield a dollar of the amount for a long time. Finally, and by degrees, they began to come down, and at last the Senators agreed that the appropriation for the purpose in the bill should be \$80,000, that to be expended for the purchase, impounding and delivery of the water.

"Please make that clear," said Senator Bishop. "The sum of eighty thousand dollars is to make the water supply available for delivery, paying for pipes, reservoirs, and everything."

"And they will never be able to purchase the water supply alone for that price," said Water Commissioner Bert Peterson, who passed upon the water supply, and who was standing by when the statement was made.

The entire Loan Bill carries appropriations amounting to \$1,377,000, against \$1,200,000 appropriated in the Senate bill. And at that the bill contains many items that the Governor will probably veto, because it provides for the building of several roads that are not a part of the Belt Road, which is the only thoroughfare Governor Carter favors borrowing money to build. However, the report of the conference committee will be submitted to both Houses today.

The conference committee on the salaries and current expense bill considered the salaries bill all day yesterday, and suspended final action upon it after consideration was finished until the current expense measure should be taken up, it being desired to get the total of both bills within the income of the Territory. The appropriation for the band, however, was cut out of the salaries bill.

BAND MUSIC AT
THE DEPOT TONIGHT

The band concert will be held this evening at the Palama depot. Following is the program:

PART I.
March—Sons of the Brave.... Bidgood
